

YOUNG PROFESSIONALS NETWORK IS COMING TO KANSAS CITY

YPN | KANSAS CITY

A NETWORK OF REAL ESTATE PROFESSIONALS

Young professionals are the future of the real estate business. But in a field where the average age is 52, younger real estate practitioners often thirst for a way to connect with each other and tap into valuable resources that will help them succeed in business and become leaders in our industry.

Young is an attitude, not an age!

Why should REALTORS® and affiliates participate in YPN?

CONNECT EDUCATE SERVE

Invitations to YPN events. YPN events are a fun way for members to meet other real estate professionals from around the region, build a referral network, and learn about new and exciting resources offered by our local, state and national associations, as well as affiliates.

Have your own sounding board. Young professionals have unique challenges in real estate—and they also face challenges shared by all practitioners. By belonging to a network of peers who face similar issues, they can bounce ideas off of one another and provide support to each other. We will also implement a mentor program to learn all we can from those that have had years of success in the industry.

Stay abreast of industry happenings. Through a lively blog, an information-packed Web site provided by NAR and networking events, members stay in the loop on hot issues facing the real estate industry. YPN also has special educational sessions at REALTOR® conferences that address strategies for success in real estate.

Get involved. Many people who are new to the industry want to get involved with their local, state, or national association of REALTORS®, but they either don't know how to go about it or they find it too intimidating. YPN Kansas City will offer a direct link to getting involved with KCRAR, KAR, MAR and NAR.

Give Back. REALTORS® are notorious for doing great works of community service. YPN KC will carry on that tradition and give back to the neighborhoods/people we serve. Some of those projects will be a joint collaboration with KCRAR, and some will be unique to YPN KC.
